**LOLLI BROTHERS LIVESTOCK AND GALAXY BEEF
WOULD LIKE TO WELCOME YOU TO THE FIRST RESTOCK
THE RANCH FEMALE SALE.**

Lolli Brothers Livestock and Galaxy Beef would like to welcome you to the first Restock the Ranch female sale. With well-deserved record prices and a shortage of quality replacements this sale came to be. The offering is deep with Angus, Red Angus, and Black Baldies that will satisfy the most particular buyer. All the classes of cattle have been sorted through to ensure no major disposition issues, feet problems, or any other undesirable traits. We are grateful that Chad Miller of Knox City and Nick Taylor of Milian have consigned their very best cattle to this sale. They are excellent cattlemen that know the importance of top-notch genetics.

These females will be weighed and sold through the ring at Lolli Bros in a livestock market manner. Of the specified groups you can take 5 or more and up to the entire group.

The Lots

Bred Heifers and 3yr Olds

All bred heifers selling today prior to breeding were pelvic measured and tract scored. They also received Vision 8, Pregguard FP 10, Synanthic dewormer, and Cydectin. They were also vaccinated in the fall with Virasheild 6 VL5 HP and rewormed. The heifers have been hand feed with a bucket all fall to ensure disposition is correct.

lot
